

Luca Seating System Specification Guide

Standard Features

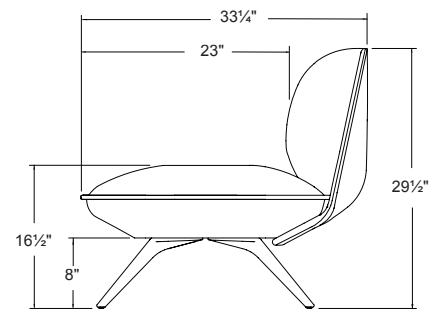

Luca is a modular seating system comprised of 41 unique modules which can be used as freestanding or interchangeably to create an unlimited number of configurations. Options include freestanding benches, two-seat and three-seat modules, corner modules and seating and bench modules with end tables. End table tops are available in oak or walnut and are offered with and without power. Legs are available in one of three finishes: polished aluminum, matte black powdercoat and satin white powdercoat.

Luca is fully upholstered with $\frac{5}{8}$ " diameter non-marring adjustable nylon glides. When ordering configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s). All COM/COL fabrics must be preapproved by Bernhardt Design prior to application. GREENGUARD Gold Certified.

Configurations are connected by a ganging bracket. Ganging brackets are sold separately and will ship with product. See the Luca lounge-modular accessories page for ordering information.

Please visit Bernhardtdesign.com for a complete library of 2D, 3D and Revit models. You may also contact your local sales representative or the Bernhardt Design corporate office for specification assistance. GREENGUARD Gold certified.

OAK Oak
Order Code - C
Rift Cut

WLT Walnut
Order Code - 9
Flat Cut

Finish Selections

A three-character sku identifies each wood veneer option as well as standard finishes. Base and top finishes are specified separately. When selecting light finishes such as 836, 837, 840, or 870, the color and characteristic variances of the wood veneer are apparent, and exact color matches are not possible.

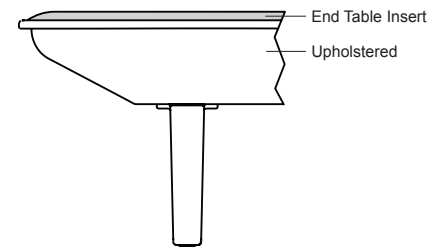

Oak

Standard Finish		
805	840	865
836	845	866
837	860	870
839	861	

Walnut

841	870
860	

Edge Profile

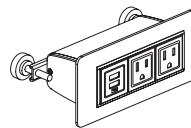

Surface Mount Power Modules

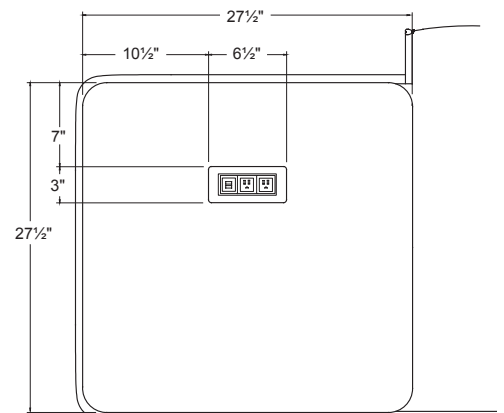

Luca offers a proprietary surface mount power solution which is installed flush to the worksurface and provides (2) grounded receptacles and (2) 2 amp USB ports. The unit has a 10' infeed with a grounded plug. Power module finish is determined by leg finish selection.

Power Module
Power Module Finish
Black, Silver or White

(2) 120 v 60 Hz. 15 amp receptacles
(2) 2 amp USB ports

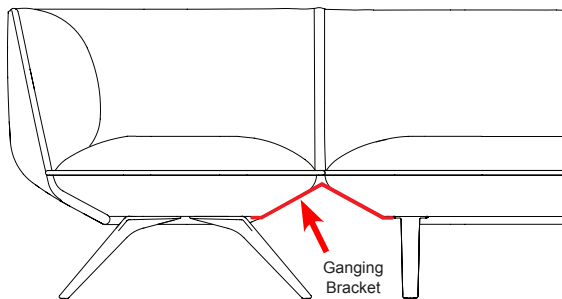

Connecting Modules

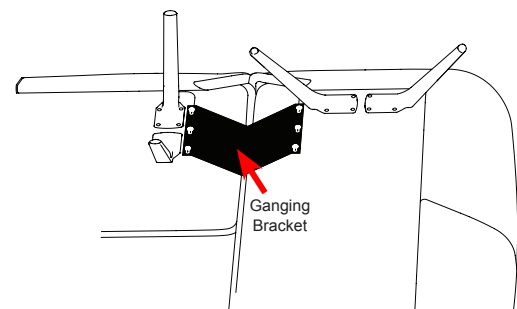

Luca modules connect by attaching a ganging bracket to the underside of the furniture. One ganging bracket should be ordered for each connecting module. Ganging brackets are sold separately and will ship with product.

To connect the modules together insert the three fasteners into the inserts at the location each module is desired to be connected. Push modules together in desired location.

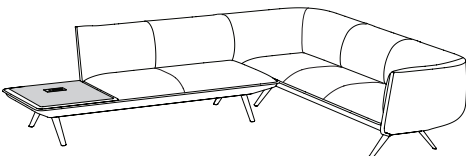

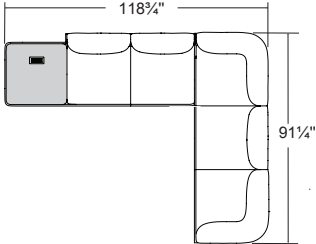

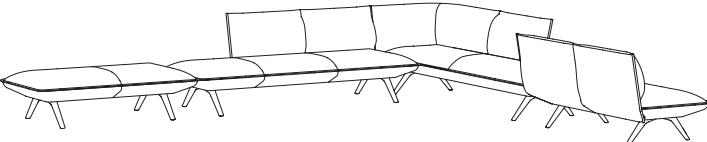

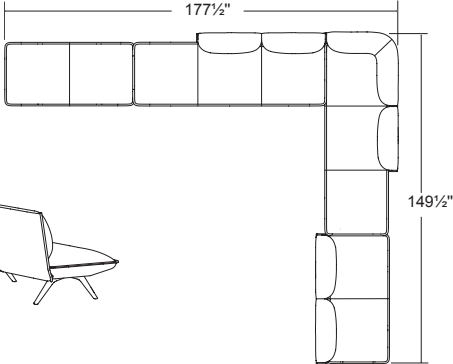

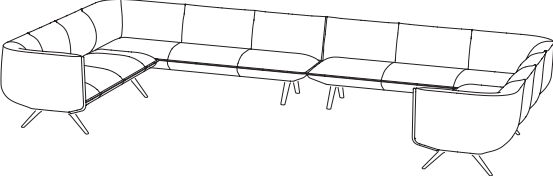

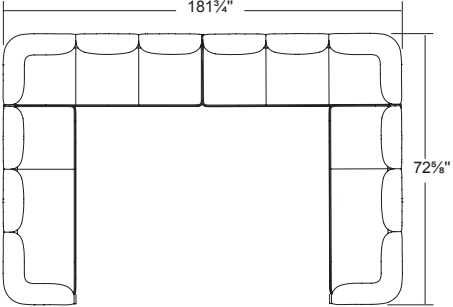

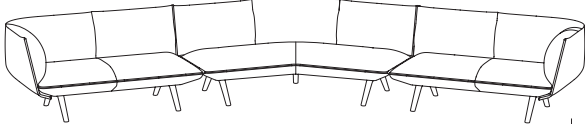

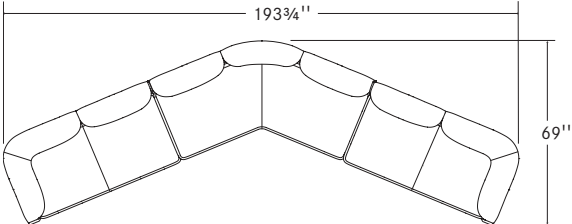

Ganging bracket is concealed behind flange and is not visible when looking at the sofa.

Leave 1/4" between head of fastener and upholstery. Fit bracket over heads of fasteners and slide bracket to lock fasteners into keyhole slots cut into fastener. Tighten fasteners against bracket.
